

AAT News Service

THE Ministry of Commerce & Industry launched a 19-point Action Plan for Startups in January 2016. The plan covers areas of simplification and handholding, funding support & incentives and industry-academia partnership and incubation.

Recognition of Startups

Modification of definition of startups in May 2017 and improvements incorporated in the recognition process reduced the time taken for grant of recognition certificate from 10-15 days to 1-4 days currently. As a result, as against 797 recognitions in 2016-17, around 7,968 startups received recognition in financial year 2017-18.

A total of 8,765 startups have been recognised by the Department of Industrial Policy & Promotion (DIPP) since January 2016. Of the recognised startups, 15 per cent are from IT services, 9 per cent health-care & life sciences, 7 per cent education, 6 per cent professional & commercial services, and 4 per cent agriculture among others.

Of all directors of startups, 35 per cent are women. More than 6,000 startups have reported employment generation of 81,264. Additionally, 88 startups have been certified for claiming tax exemptions by the Inter-Ministerial Board.

Preference in Public Procurement

The Government e-Marketplace (GeM) portal has been fully integrated with 'Startup India' portal. Startups can now list their products and services on GeM and automatically receive relaxations on criteria of prior turnover, experience and submission of earnest money deposit.

Startup Intellectual Property Protection Scheme

Startups are eligible for 80 per cent rebate in patent filing fees and 50 per cent on trademark

filing fees. They are also eligible for free facilitation along with fast track examination of patent applications. Nearly 423 patent and 596 trademark facilitators have been nominated for this

Startup India Hub

DIPP has also established the Startup India Hub, a single point of contact for the entire ecosystem to enable knowledge ex-

An online platform for Startup India Hub was launched in June 2017 to enable startups, individuals and other ecosystem members to connect with each other, discover relevant govern-

building effective business plans and launching their businesses. Over 2-lakh persons have registered for this program so far.

Participation of States in Strengthening Startup Ecosystems

At the time of launch of this initiative, only four states had a stated startup policy, whereas 19 states have implemented startup policies now. To take this

challenge. Eighteen startups from both countries were selected and have been offered cash prizes, 6 months incubation support and market access program in both India and Israel.

Regulatory Easing

Twenty-one regulatory changes to enhance ease of doing business, raising capital and reducing compliance burden have been undertaken. Insolvency resolution

(IITs/ IIMs/NITs/IISc).

Infrastructure Support

More than 2,000 Tinkering Labs are being established in selected schools with tools and equipment in science, technology, engineering and math to inculcate 'do it yourself' spirit. Eight research parks are being established at IITs of Kanpur, Bombay, Delhi, Kharagpur, Hyderabad, Madras, Guwahati,

Government invests ₹ 569 crore in 120 startups generating more than 6K jobs

purpose. This scheme has benefited 671 patent applicants, 941 trademark applicants along with 144 expedited examinations.

Fund of Funds for Startups

The Small Industries Development Bank of India (SIDBI) has committed ₹ 1,136 crore to 25 venture capital (VC) funds, who in turn have invested ₹ 569 crore in 120 startups. These startups have generated 6,515 jobs, including 1,184 for women.

change and access to funding. The Hub works with startups, incubators, investors, mentors, corporate and government agencies in a hub & spoke model.

The Hub has addressed 88,566 queries over phone, e-mail and social media. It has facilitated 494 startups in business plan formulation, fund raising and policy advocacy. It has entered into partnerships with 25 corporate to offer mentorship, acceleration and pro bono services to startups and entrepreneurs.

ment schemes, access events and competitions, tools and templates, online learning programs and other resources.

Over 41,000 users have been registered on the Hub and more than 4.4-million users have visited the Hub since launch. Startups can connect with 260 mentors and investors, 140 incubators and 10 government agencies through the platform.

The Hub platform also houses the Startup India Learning Program, an online program that assists entrepreneurs in

movement to the next level, the State/UT Startup Ranking Framework has been launched in February 2018. The key objective of the Framework is to encourage states and UTs to take proactive steps towards strengthening the startup ecosystems within their jurisdictions.

International Bilateral Co-operation

International bilateral co-operation with countries having strong startup ecosystems – Israel, Singapore, Portugal and Sweden have been entered into by Startup India Hub to facilitate market access and promote investments. Under the India-Israel Innovation Challenge, 665 startups from India and 150 from Israel proposed solutions in the areas of agriculture, water and health through an online chal-

process is to be completed in 90 days for startups as against 180 days for other entities.

Startup India Yatra and Campus Connect Programs

The Startup India Yatra is an initiative that travels to Tier-2 and Tier-3 cities of India to search for entrepreneurial talent and help develop startup ecosystem. The Startup Yatra has covered the states of Gujarat, Uttar Pradesh and Odisha where more than 18,000 young entrepreneurs were supported through mentorship.

Startup Yatra in Uttarakhand has recently been started. Under the Campus Connect program, awareness workshops on Startup India initiative are being held at educational campuses across the country. Eight workshops have been held in institutions of national importance

and IISc-Bangalore.

Innovation-Focused Programs for Students

Under the National Initiative for Development and Harnessing Innovations (NIDHI), grand challenge was conducted to promote entrepreneurship among students. More than 200 applications were received. Under the Uchchatar Avishkar Yojana (UAY) 92 projects have been approved for execution worth ₹ 283 crore.

Under the Million Minds Augmenting National Aspiration and Knowledge (MANAK), an award scheme to foster culture of innovation and research through focussed programs for students, 1 lakh students competed at state/district levels. Four regional workshops were organised and top 60 ideas were showcased at National Festival of Innovation.

The Union Minister of State for Housing and Urban Affairs, Hardeep Singh Puri releasing the publication at the 48th Foundation Day of Housing and Urban Development Corporation (HUDCO), in New Delhi. The Secretary, Durga Shanker Mishra, Ministry of Housing and Urban Affairs, and the CMD, M Ravi Kanth, HUDCO are also seen

Major ports across India register positive growth of 4.77% during 2017-18

AAT News Service

THE major ports in India have recorded a growth of 4.77 per cent and together handled 679.35 million tonnes of cargo during the period April 2017 to March 2018 as against 648.39 million tonnes handled during the corresponding period of previous year.

Nine ports – Kolkata (including Haldia), Visakhapatnam, Paradip, Kamarajar, Chennai, Cochin, New Mangalore, JNPT and Deendayal (Kandla) – also registered positive growth in traffic.

Cochin Port registered the highest growth of 16.52 per cent, followed by Paradip (14.68 per cent), Kolkata (including Haldia) (13.61 per cent), JNPT (6.2 per cent) and New Mangalore (5.28 per cent). The growth at

Cochin Port was mainly due to increase in traffic of finished fertiliser (105.88 per cent), POL (Port of Loading) (20.62 per cent) and containers (12.46 per cent).

In Kolkata Port, overall growth was 13.61 per cent.

Kolkata Dock System registered traffic growth of 3.45 per cent. Whereas Haldia Dock Complex registered positive growth of 18.61 per cent which is highest among all the major ports.

Deendayal (Kandla) Port handled the highest volume

of traffic with 110.10 million tonnes (16.21 per cent share), followed by Paradip with 102.01 million tonnes (15.02 per cent share), JNPT with 66 million tonnes (9.72 per cent share), Visakhapatnam with 63.54 million tonnes (9.35 per cent share) and Mumbai with 62.83 million tonnes (9.25 per cent share). Together, these five ports handled around 60 per cent of major port traffic.

Commodity-wise percentage share of POL was maximum at 31.55 per cent, followed by container (19.67 per cent), thermal & steam coal (14.02 per cent), other miscellaneous cargo (13.62 per cent), coking & other coal (7.45 per cent), iron ore & pellets (7.15 per cent), other liquid (4.33 per cent), finished fertiliser (1.11 per cent) and FRM 1.11 per cent.
